- Optically brightened Matt White (gain 1.0) front projection surface; flame retardant to M1 7201-96.
- Professionally masked with black light absorbing treatment for edge-to-edge pictures; side 5cm, top 30cm
- Silent motor system provides smooth quiet operation
- Power supply 230v / 50Hz
- Speed 17rpm
- Positive switching : Up/down
- Optional radio remote control
- Easy fixing to wall or ceiling (brackets supplied)
- Three year warranty

Home-View Tension

Each side of the screen surface incorporates a tab guide cable system, which maintains even horizontal tension to hold the screen surface perfectly flat. Vertical tension is maintained through heavier bottom slat bar.

Features

As Home-View but with the added features of:

- Side tension cables to maintain horizontal surface tension for optimum picture quality.
- 13 sizes - to maximum 400cm (13') picture width
- Two formats. 16:9 and 4:3
