

# PRO-VIEW ELECTRIC

The Premier Electric Wall / Ceiling Screen from Harkness Screens

## PRO-VIEW ELECTRIC- SIMPLY THE BEST

With the motor integrated inside the roller, the Pro-View is the smoothest quietest electric screen solution.

The Pro-View has a white painted aluminium case and is available in sizes up to 3.66m (12ft).

### Application

Pro-View electric screens are recommended for:

- Boardrooms
- Training rooms and Lecture rooms
- Schools and Colleges
- Leisure and entertainment venues

### Construction

The housing is made from aluminium, and is white epoxy painted (RAL 9010).

The roller is a 75mm (3") diameter aluminium tube mounted on two vibration and noise absorbing supports.

### Features

- Optically brightened Matt White (gain 1.0) flame retardant projection surface (Classification M1 7201-96).
- Black edge masking including black bottom counterweight.
- Preset, but adjustable, limit switches to stop surface automatically, in up and down positions.
- Complete with wall mounted three way switch - on/off, up/down.
- Maintenance free motor with integral gears and capacitor mounted inside the roller. Automatic thermal overload cutout.
- Universal mounting brackets for wall or ceiling installation.
- Three year warranty.

### Size

PICTURE SIZE (W x H)		Overall length of case		Aprox weight	
Metric (cm)	Imperial (ft)
